

NEXON ABSOLUTE

Nexon Absolute by Nexon Asia Pacific is the most flexible way of implementing and experiencing the full suite of Microsoft Skype for Business features throughout your business.

Leveraging the Microsoft cloud, Nexon Absolute is a suite of complementary managed services, that delivers businesses a complete communication, collaboration and mobile environment.

With the option of replacing standard telephony system, the Nexon Absolute offerings integrate all communication capabilities into a single, easy-to-use platform, including voice mail, instant messaging, SMS, social media, video, audio, web-conferencing and desktop as a service.

NEXON ABSOLUTE PROVIDES:

- Simple migration to Office 365 with a proven Microsoft Cloud Partner
- Multimedia Cloud Contact Centre with seamless integration into Skype for Business
- Use Skype for Business meetings for universal video collaboration across all video conferencing technologies
- Delivered over an MPLS network for guaranteed voice and video quality
- Filling the voice gap for Office 365 users with cloud PBX
- Offered on a per-user per-month basis so businesses pay only for what they use
- Flexibility - design a solution based on business requirements

ABSOLUTE VIDEO

With Absolute Video, the Skype for Business meeting workflow supports any standards-based video conferencing device, enabling effortless collaboration between geographically disperse teams, stakeholders, partners and suppliers. Built with Polycom RealPresence Clariti, Nexon Absolute Video is capable of delivering:

- Universal video conferencing
- High-definition (HD) video
- Bi-directional content sharing

ABSOLUTE CONTACT CENTRE

Powered by Enghouse Interactive, Absolute Contact Centre is a scalable cloud-based contact centre solution perfect for customers who have a need for a richly featured, Multimedia contact centre platform.

- Offering customers new ways of interacting via email, webchat, social media
- Reduce overheads
- Offer flexibility based on the number of agents

ABSOLUTE BUSINESS

Absolute Business enables organisations to leverage the benefits of Microsoft Office 365.

- Simple migration to Office 365
- Email integration
- Leverage collaboration tools such as Exchange Online, SharePoint Online, Skype for Business

ABSOLUTE PRODUCTIVITY

Absolute Productivity is a cloud-based unified communications solution that allows businesses to experience the full potential of Skype for Business, on any device, anywhere with Office 365 integration to replace existing phone systems.

- Hassle free solution, with no on premise hardware requirements.
- Reduce complexity with truly unified communications.
- Increase productivity through better collaboration

NEXON ABSOLUTE: KEY BENEFITS

It is the promise of an end-to-end collaboration that makes unified communications a game-changer for many organisations. Nexon Absolute is the ideal solution for businesses who simply need their collaboration systems to work as promised while enabling them to focus on their core business activities.

ENJOY THE CLOUD AND THE SILVER LINING

Nexon Absolute is a cloud-based service that is built on Microsoft Skype for Business Cloud PBX.

FILLING THE VOICE GAP

For Microsoft Office365 users, Nexon Absolute can extend its functionality to include enterprise voice features while leveraging the Exchange for voice mail.

PAY AS YOU GO. PAY AS YOU GROW.

Nexon Absolute is a hosted access solution delivered as a service, on a pay-per-seat-per-month basis, giving businesses the flexibility to scale up and down based on their changing needs.

ENTERPRISE AUDIO AND VIDEO EXPERIENCE

To ensure the highest level of voice and video quality, Nexon Absolute is delivered over Nexon's private environment rather than the open "public" Internet. Using our own private network allows Nexon to provide users with an enterprise-quality network service guarantee for all voice, video and file-sharing sessions.

ZERO TOUCH

Nexon Absolute is a completely hassle-free solution. Our dedicated team not only ensure an easy, free-of-cost transition from businesses' old PBX to a completely hosted environment, it also provides full maintenance and training for new communications solution.

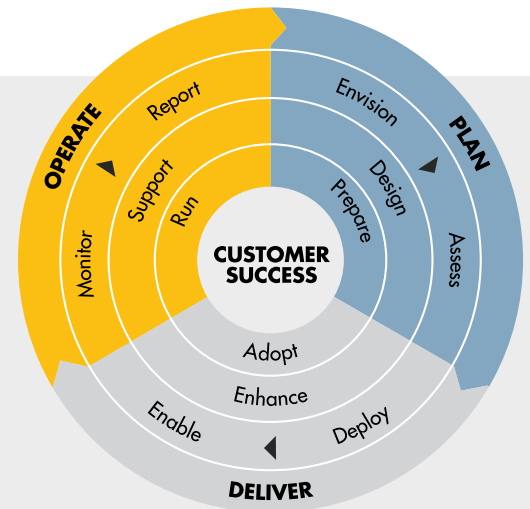

LOW COST, MANY ADVANTAGES

By using Nexon Absolute, businesses can significantly reduce the ongoing total cost of ownership (TCO) for its I.T. infrastructure. In addition, businesses can gain access to Nexon's discounted network carrier plans, including the option to upgrade to an "all calls inclusive" monthly cap plan, with zero capital outlay from users.

DESIGNED TO ACCELERATE BUSINESS SUCCESS

At Nexon, we employ robust and proven methodology, based off reference architecture and best practices from Microsoft to ensure customers experience the full potential of Skype for Business.

Leveraging the Microsoft's Skype Operations Framework that aims to bring your business to the next level of communications, a successful Skype for Business integration must incorporate the needs of customer's and organisational processes. Nexon listens to customer needs carefully and accelerates their business communications success with guided methodology and tools to planning, migration, deployment and delivery of Skype for Business effectively.

PLAN

Designed for those embarking on a cloud communications journey, Nexon assists you from discovery through to migration and deployment to ensure Skype for Business is effectively managed.
