

NEXON ABSOLUTE

Nexon Absolute by Nexon Asia Pacific is the most flexible way of implementing and experiencing the full suite of Microsoft Unified Communications, whether it's Skype for Business or Microsoft Teams.

Leveraging the Microsoft cloud, Nexon Absolute is a suite of complementary managed services, that delivers businesses a complete communication, collaboration, and mobile environment.

POWERING THE MODERN WORKPLACE

Today's modern workplace is changing. Businesses need to be more lean and agile when it comes to communication, content and bringing people together. With new and emerging business models and a multi-generational workforce, employees drive the shift in how and when work gets done.

Designed to meet the unique workstyle of every employee, Nexon Absolute provides organisations with the option of replacing the standard telephony system. Today your business can integrate all communication capabilities into a single, easy-to-use platform, including voice, video, audio, voice mail, instant messaging, SMS, web-conferencing and document sharing.

Provide employees with a complete range of productivity tools, enabling:

Enriched communication – with all communication methods integrated in once place. Nexon Absolute breaks down the barriers across voice, email, conferencing, video and instant messaging and gives you an easy way to reach people and the information they need.

Flexibility – ability to work from anywhere at any time with access to all tools through a seamless interface.

Improved and streamlined workflows – with the ability to integrate every day office applications into existing business process, organisations can improve workflow management from the way employees communication to how things get done. By leveraging Microsoft Teams, Nexon Absolute allows businesses to track the evolution of projects from discussion, document sharing and control, all within the one platform.

NEXON ABSOLUTE PROVIDES:

KEY BENEFITS

ENJOY THE CLOUD & THE SILVER LINING

Nexon Absolute is a managed service, leveraging Microsoft Office 365 to deliver businesses with a hosted voice and collaboration solution.

FILLING THE VOICE GAP

For Microsoft Office 365 users, Nexon Absolute extend its functionality to include enterprise voice features while leveraging Microsoft Exchange for voice mail. Nexon's AnySIP will allow businesses to keep their existing phone numbers and add new ones.

PAY AS YOU GO. PAY AS YOU GROW.

Nexon Absolute is a hosted access solution delivered as a service, on a pay-per-seat-per-month basis, giving businesses the flexibility to scale up and down based on their changing needs.

ENTERPRISE AUDIO & VIDEO EXPERIENCE

To ensure the highest level of voice and video quality, Nexon Absolute is delivered over Nexon's private environment rather than the open "public" Internet. Using our own private network allows Nexon to provide users with an enterprise-quality network service guarantee for all voice, video and filesharing sessions.

ZERO TOUCH

Nexon Absolute is a completely hassle-free solution. Our dedicated team not only ensure an easy, free-of-cost transition from businesses' old PBX to a completely hosted environment, it also provides full maintenance and training for new communications solution.

LOW COST, MANY ADVANTAGES

By using Nexon Absolute, businesses can significantly reduce the ongoing total cost of ownership (TCO) for its I.T. infrastructure. In addition, businesses can gain access to Nexon's discounted network carrier plans, including the option to upgrade to an "all calls inclusive" monthly cap plan, with zero capital outlay from users.
