

NEXON ABSOLUTE PRODUCTIVITY SKYPE FOR BUSINESS MANAGED SERVICE OFFER

Nexon Absolute Productivity is a cloud-based UC solution capable of replacing standard PBX system. Built on Skype for Business Cloud PBX and integrates all communication capabilities on a single, easy to use platform including voice mail, video, audio, web conferencing, instant messaging and desktop sharing environments.

Easily deployed and cost-effectively delivered via a pay-per-user model with no onsite infrastructure required, Nexon Absolute provides a truly unified solution without the hassles of lengthy and expensive implementations.

MANAGED SERVICE OFFER INCLUDES

No locked in contract:

customers pay per user, per month on the platform.

New or existing phone numbers:

customers can keep their existing phone number ranges

FROM
\$20
PER USER
PER MONTH
